

FARM TO FACTORY WORKSHOP™

AGRI-PROCESSING INNOVATION & INVESTMENT WORKSHOP

Saturday, 31 October 2026 • 11:00–14:00

Czech House – Technology & Training Center, Takako Heights, Boundary Rd, G12, East Legon, Accra

PROGRAM AGENDA

TIME	SESSION	DETAILS
11:00 – 11:15	Arrival, Registration & Welcome Refreshments	Guests received at the Czech House – Technology & Training Center.
11:15 – 11:25	Opening Remarks	Welcome from SEDA Africa Group and an introduction to the Czech House.
11:25 – 11:50	The Opportunity: From Farm Produce to Factory-Ready Products	Why Ghana's oilseeds, fruits, botanicals and agricultural feedstocks represent an underdeveloped value-addition market.
11:50 – 12:20	Fundamentals of Small-to-Medium Scale Processing	Practical pathways from raw crops to packaged products, including oil extraction, crushing, distillation, quality control and hygiene.
12:20 – 13:00	Technology Demonstration — Farm to Factory Systems	A close-range demonstration of Czech-built processing equipment including oilseed pressing and related value-addition systems.
13:00 – 13:20	Product, Brand & Market Development	Building differentiated local products, packaging, positioning and routes to market.
13:20 – 13:40	Economics, Investment & Partnership Models	Capital requirements, production scale, margins, contract production and off-take structures.
13:40 – 14:00	Q&A, Sampling & Networking	Open discussion among participants, presenters and SEDA Africa Group.
14:00	Close	Follow-up conversations and one-on-one meetings on request.

FREE PARTICIPATION — REGISTRATION IS REQUIRED
